Submission: Objection
Comments: My objection is two fold, firstly, the access to the property is totally inadequate for such a development it is very narrow on an extremely bad bend the extra traffic this development would generate in my opinion would be a danger to other traffic and foot passengers alike. Secondly the issue of wildlife on this wild site(and has been for several years) has not fully been appreciated with badgers, foxes and no doubt other wildlife well established over several years.

In conclusion I feel that the allowing of this application would be of great detriment to the area.
