At our last meeting the following comments were made:

-

-

- Ref SMC/2019/0606. 1, High View Road, Endon - Proposed front extension: Serious concerns are expressed for the proposals will adversely dominate the neighbouring attached property for as a front facing extension it is deemed to be over sized and of a design which will result in the property being out of character and therefore will have an adverse effect on the streetscape.

  As an Informative: Consideration should perhaps be given to a less dominant side extension over the existing flat roof garage incorporating windows to the front and rear

Regards

Dennis Boulton, Clerk, Endon with Stanley Parish Council
