Hi Jane,
I'm a bit confused by what I am looking at and what you need from me. I can see that I have been consulted on SMD/2019/0244 & SMD/2019/0243 (screening). I have reviewed this information and can confirm that the proposals contained in SMD/2019/0716 (conversion of Sibelco building previously to be removed) & SMD/2019/0725 (outfall) will have no significant adverse effects on the significance of heritage assets. I therefore agree with the Screening Opinion that the applicant has submitted. Any impacts could be dealt with by requiring a heritage statement as part of the planning applications and I note that one has not yet been submitted. The outfall will is unlikely to have any impacts on heritage assets whilst the conversion of the Sibelco building and associated works may have a very limited impact depending on the visual relationship with Little Eaves Farmstead.

Is this the response that you were after or do you need something else?

Thanks
