3. The external face of the roofing materials – save for the translucent panels indicated – and the external wall panel sheeting shall be finished in a dark green colour as shown in the submitted drawings and application details hereby approved.
Reason: To ensure that the development has a recessive colour finish so that it will assimilate unobtrusively in its rural setting.

Reason: To ensure an agricultural design appearance and agricultural function with sufficient flexibility in the design and use of the building to achieve appropriate levels of ventilation for housed stock and for access.

5. If the use of the building for the purposes of agriculture within the unit permanently ceases, unless the local planning authority have otherwise agreed in writing, the building shall be removed from the land and the land shall, so far as practicable, be restored to its condition before the development took place, or to such condition as may have been agreed in writing with the local planning authority.
Reason: In the interests of the visual landscape amenities of the area as the site lies within open countryside and the building has only been permitted for reasons to serve an agriculture related need in accordance with Policies SS1, SS1a, SS6c, R1 and the NPPF.

Informative

The proposed development is judged to be of suitable design and meets the tests of sustainability in planning. There are not judged to be any adverse implications for neighbours or wider public amenity and street scene. Amendments were agreed with the agent in the course of the determination in accordance with the approach to decision making as advocated in the National Planning Policy Framework at paragraph 38.

For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
   (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
   (b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.

4. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.

11. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

12. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
