4. The Proposed Building

Please indicate which of the following are involved in your proposal

- [x] A new building
- [ ] An extension
- [ ] An alteration

Please describe the type of building

A steel portal frame bulding to be attached to an existing building down one side.

Please state the dimensions of the building

Length - metres	22.86
Height to eaves - metres	3.81

4. The Proposed Building

Breadth - metres: 13.93

Height to ridge - metres: 5.35

Please describe the walls and the roof materials and colours

Walls - Materials

Brown tanatoned yorkshire boards, overlapping concrete panels as per existing building

Walls - External colour

Brown tanatoned standard colour for boarding

Roof - Materials

Fibre cement roof sheets with GRP roof lights - all to match existing.

Roof - External colour

Slate Blue

Has an agricultural building been constructed on this unit within the last two years? ○ Yes ◉ No

Would the proposed building be used to house livestock, slurry or sewage sludge? ○ Yes ◉ No

Would the ground area covered by the proposed agricultural building exceed 1000 square metres? ○ Yes ◉ No
Please note: If the ground area covered exceeds 1000 square metres it will not qualify as Permitted Development and an application for Planning Permission will be required.

Has any building, works, pond, plant/machinery, or fishtank been erected within 90 metres of the proposed development within the last two years? ○ Yes ◉ No

5. The Site

What is the total area of the entire agricultural unit? (1 hectare = 10,000 square metres): 45.3

Scale: Hectares

What is the area of the parcel of land where the development is to be located?

Hectares: 1 or more

How long has the land on which the proposed development would be located been in use for agriculture for the purposes of a trade or business?

Years: 50

Months: 0

Is the proposed development reasonably necessary for the purposes of agriculture? ◉ Yes ○ No

If yes, please explain why

The agricultural holding consists of 45 acres owned and 67 acres of rented ground. This is a well established business with 330 breeding ewes plus lambs which currently stand at 680 head, along with 14 head of cattle. The proposed building will be attached down one side to an existing livestock building and will be used for the storage of winter feed and agricultural machinery and livestock equipment. The applicant would like to reduce the need for plastic wrapped bales and would also like secure storage for livestock handling equipment and machinery, all of which is currently stored outside.

Is the proposed development designed for the purposes of agriculture? ◉ Yes ○ No

If yes, please explain why

The specification of this building will be steel portal frame with fibre cement and wooden cladding.

Does the proposed development involve any alteration to a dwelling? ○ Yes ◉ No

Is the proposed development more than 25 metres from a metalled part of a trunk or classified road? ◉ Yes ○ No

What is the height of the proposed development? metres: 5.4

5. The Site

Is the proposed development within 3 kilometres of an aerodrome? ○ Yes ◉ No

Would the proposed development affect an ancient monument, archaeological site or listed building or would it be within a Site of Special Scientific Interest or a local nature reserve? ○ Yes ◉ No

6. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land? ◉ Yes ○ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- ○ The agent
- ◉ The applicant
- ○ Other person

7. Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☑

Date (cannot be pre-application) 02/07/2020
