Submission: Objection
Comments: We feel there are various concerns with the current plans. Including accessibility issues due to increased traffic on Park Lane, as well as an increased number of parked cars affecting road safety. In addition to this, there is several schools in the area, therefore Park Lane is a popular route for children to walk to school. There will be loss of privacy, due to constant turn over of members of the public who are not known to the community. This is a close-knit residential area, where a business dwelling is not suited.
