Application no: SMD/2020/0509

Determined on: 13/11/2020

**Town and Country Planning Act 1990**
**Town and Country Planning (Development Management Procedure) (England) Order 2015 (as Amended)**

# FULL PERMISSION FOR DEVELOPMENT

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990.

**Location of Development:**
Tawny House Clay Lake Endon Staffordshire ST9 9DD

**Description of Development:**
Proposed two storey side and single storey rear extensions with front porch

In pursuance of their power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **HEREBY GRANTS PLANNING PERMISSION** for the development described above subject to the following condition(s):

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.
**Reason**: To comply with the provisions of Section 51 of the Town and Country Planning, Planning and Compulsory Purchase Act, 2004.

2. The development hereby approved shall be carried out in accordance with the details as submitted in the application form and submitted specifications and as shown in drawings:
20-TG-01
20-TG-02
20-TG-03
**Reason**: To ensure that the development is carried out in accordance with the submitted details and approved plans, in the interests of good planning, for clarity and the avoidance of doubt.

3. The external facing and roofing materials shall match in colour, form and texture those of the existing building using brick to the walls and plain tiles to the pitched roofs and there shall be no variation without the prior consent in writing of the Local Planning Authority save that the walls to the conservatory may be finished in white bag-rubbed brickwork as shown in the submitted drawings hereby approved.
**Reason**: To ensure that the works harmonise with the existing development.

4. The roof verges and eaves corbels shall be finished to the brick work detailing as shown in the submitted drawings hereby approved matching that of the existing gable.
**Reason**: To ensure that the works harmonise with the existing development.

5. Unless otherwise agreed in writing by the Local Planning Authority (LPA) the existing trees on the site shall be retained and prior to the commencement of development (including any site clearance, stripping, site establishment and formation of new temporary or permanent access driveway) temporary protective fencing and advisory notices for the protection of the existing trees shall be erected in accordance with the guidance in British Standard 5837:2012 Trees in Relation to Design, Demolition and Construction – Recommendations, and shall be retained in position for the duration of the period that development takes place. Within the fenced areas there shall be no excavation, changes in ground levels, installation of underground services, provision of hard surfacing, passage of vehicles, storage of materials, equipment or site huts, tipping of chemicals, waste or cement, or lighting of fires unless otherwise agreed in writing by the LPA with appropriate additional control measures in place.
**Reason**: to ensure appropriate safeguard for trees significant to local amenity.

6. The proposed tree planting shown in drawing 20-TG-03 shall be fully implemented before the end of the first available planting season (November to March inclusive) following completion of the development hereby approved or its first occupation/ coming into use whichever is the earlier. Any plants which die or are lost or otherwise fail to establish in the first five years following the completion of the planting shall be replaced in the next available planting season with plants of the same form and size as originally planted. The planting shall thereafter be allowed to grow and be maintained for the lifetime of the development.
**Reason**: In the interests of the visual appearance of the development and the amenities of the area.

**Informatives**

1. It must be noted that a range of permitted development rights have been removed at this property under the original consent reference 07/00833/FUL.

2. Severn Trent Water advise that there may be a public sewer located within the application site. Although their statutory sewer records do not show any public sewers within the site area specified, there may be sewers that have been recently adopted under the Transfer of Sewer Regulations 2011. Public sewers have statutory protection and may not be

built close to, directly over or be diverted without consent and contact must be made with Severn Trent Water to discuss the proposals. Severn Trent will seek to assist in obtaining a solution which protects both the public sewer and the building. Please note that there is no guarantee that you will be able to build over or close to any Severn Trent sewers, and where diversion is required there is no guarantee that you will be able to undertake those works on a self-lay basis. Every approach to build near to or divert Severn Trent assets has to be assessed on its own merit and the decision of what is or isn't permissible is taken based on the risk to the asset and the wider catchment it serves. It is vital therefore that you contact Severn Trent at the earliest opportunity to discuss the implications for any Severn Trent assets crossing your site. Failure to do so could significantly affect the costs and timescales of your project if it transpires diversionary works need to be carried out by Severn Trent.

3. The proposed development is judged to be of suitable design and meets the tests of sustainability in planning. With the conditions attached there are not judged to be any adverse implications for neighbours or wider public amenity and street scene. As the application was considered acceptable there was no need for any negotiation or amendment as would otherwise be advocated within the National Planning Policy Framework paragraph 38.

X B.J. Haywood

# NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section at BControl@staffsmoorlands.gov.uk

2. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Staffordshire County Council.

3. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
    a. If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
    b. Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.

4. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.

5. The permission is granted in strict accordance with the approved plans. It should be noted however that:
    a. Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
    b. Variation to the approved plans will require the submission of a new planning application.

6. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

7. If the decision to refuse planning permission is for a householder application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

8. If this is a decision to refuse planning permission for a minor commercial application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

9. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.

10. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at https://acp.planninginspectorate.gov.uk

11. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

12. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
