Construction and Environmental Method Statement

Project:	Annexe at Barn's Lea Farm, Rushton Spencer, Cheshire		
Activity:	Renovation Project		
Description:	Renovation		
Start Date:	To be confirmed	Duration:	Not specified
Assessor:		Hours of Work:	9am - 4pm

Responsibilities

Project Manager:	Julian Goodwin
Supervisor:	Lee De-Steunder
Number of Operatives:	2

Hazards

Hazards Associated With Activity:	Dust emissions arising from demolition/construction activities on the site
Site Specific Hazards:	Dust emissions/general dirt on vehicles exiting the site. Waste disposal as a result of works taking place on the site

Risk assessments will be carried out for the activity and attached to this method statement, will form part of the induction and must be followed on site.

Work Procedure & Control Measures

On site, good and appropriate levels of ventilation must be maintained at all times.

Water/mist atomisers will be employed to suppress any build up of dust particles on site and in the neighbouring atmosphere.

A water hose facility will be provided for all vehicles exiting the construction site to minimise any fouling of local tracks, by-ways and public roads.

Most waste, likely to be of a rubble nature, will be disposed of, or recycled, on site where

appropriate. All current legislation regarding the prevention of environmental contamination (including waste disposal) will be complied with. Any contaminated or hazardous waste created as a result of works carried out will be properly contained and disposed of by a specialist company. Waste will be transferred using a waste transfer note.

In the event of any complaint persons may contact the site manager; Lee De-Steunder on 07932600280.

PPE Requirements

☑ Safety Boots

☑ Hard Hat

☑ Hi-Viz Clothing

☑ Gloves

☑ Ear Defenders

☑ Dust Mask

☑ Eye Protection

☐ Harness

☐ Full Face Shield

☐ Overalls

☐ RPE

☐ Other

Other PPE:
Additional PPE is required for certain activities as indicated by specific risk assessments.

Management Arrangements

Monitoring Arrangements:
Monitoring of this activity will be carried out using a variety of different means such as: inspections, checklists, meetings, audits, reviews, and employee consultation. The supervisor will carry out regular inspections of the works and highlight any concerns.

First Aid Provision:
Nominated First Aider(s) First Aid Kit Accident Book

Welfare Provision:
Welfare facilities will be provided within close proximity to the work area. Personnel must not eat, drink or smoke in the work area. Welfare facilities, including rest areas and toilet facilities, will be left as they were found in a clean and tidy manner, and operatives are to ensure that they are reasonably clean and tidy before entering premises.

Emergency Procedures:
In the event of an accident notify the first aider immediately, for a major injury call 999 or if in doubt call 111. In the event of a fire sound the alarm and exit the site by the nearest exit, to not attempt to tackle the fire unless you have been trained to do so and it is safe to do so. In the event of discovering a material that you suspect could be asbestos containing, stop work immediately and notify the site manager/supervisor for further instructions.
