Submission: Objection

Comments: The proposed site is a danger to pedestrians and oncoming traffic for a number of reasons. Firstly Battlesteads/Cedarhill a major road which has poor visibility, is in most parts very narrow therefore mostly only suitable for single traffic, is poorly lit, has no pavements for pedestrians and therefore not fit for the ever increasing volume of traffic that not only services local residents but also traffic for Alton Towers, JCB and access to other areas of local interest, further to which the speed limits on Battlesteads/Cedarhill are more than often flouted. Subsequently exiting the proposed site will increase the danger for pedestrians and traffic as exiting the site will require crossing the opposite carriageway due to the poor visibility and narrowness of the road. Further the proposal would unacceptably harm the character and appearance of the landscape especially the view from toothill.
