Email:

Submission: Objection

Comments: The geographical position of the proposed site will add more danger to pedestrians and traffic using Battlesteads/Cedarhill for the following reasons. Exiting the proposed site will require vehicles to cross over to the opposite side of the carriage due to poor visibility and narrowness of the road rIsking collisions with oncoming vehicles and pedestrians. Further the road has poor lighting, no pavements. and is a major road not up to the standards required for the ever increasing volumes of modern day traffic which is not only used by villagers but also traffic too and from Alton Towers ,JCB and other places of local interest, which gives little regard to the speed limits in place. Further the proposed site would unacceptably harm the character and appearance of the landscape especially toothill.
