Determined on: 08/04/2021

Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) (England) Order 2015

REFUSAL OF PLANNING PERMISSION

Location of Development:
Land Adj Knott Inn Station Lane Rushton Spencer Staffordshire

Description of Development:
Outline planning application for residential development of a detached dwelling with all matters apart from access reserved and demolition of existing agricultural building

Staffordshire Moorlands District Council in pursuance of powers under the above mentioned Act hereby **REFUSE** to permit the development described above in accordance with plans ref:
Location Plan 780-1
3601-06C
for the reason(s) specified below:-

1. Development of a single detached dwelling in the Green Belt represents inappropriate development harmful by definition and the proposal is found not to meet any of the exceptions for development in the Green Belt as it is not found to equate to “limited infilling within a village” and in turn it would be contrary to at least one of the five purposes of including land in the Green Belt namely to assist in safeguarding the countryside from encroachment. There being no very special circumstances to outweigh these harms the proposal is therefore contrary to Local Plan policies SS1, SS9, and/or SS10, H1 and the NPPF.

2. The proximity of the development to the Grade II Listed Knot Inn and the Grade II Listed former Rushton Station and the loss of rural character in their setting as a result of the development, and the undermining of their separation from the 20thC development of Station Lane which would arise, would be harmful to the heritage significance of the setting, to the conservation of which great weight should be given. Whilst this would bring less than substantial harm, any public benefit from the scheme – restricted in this case to the provision of a single additional dwelling – does not outweigh the harm to the setting of the two Listed Buildings identified nor does the application provide clear and convincing justification for the

harm to be accepted. The proposal is therefore contrary to Local Plan policies SS1,SS9, and/or SS10, DC1, DC2, DC3 and H1 and the NPPF.

3. In this rural location the proposed outline development comprising a single dwelling along with additional shared access road and turnings would be harmful to landscape and settlement character and therefore contrary to Local Plan policies SS1, SS9, SS10, DC1, DC3 and H1 and the NPPF.

Informatives

1. This recommendation is made following careful consideration of all the issues raised through the application process and thorough discussion with the applicant including provision of additional information and revision. In accordance with Paragraph 38 of the NPPF the Case Officer has sought solutions where possible to secure a development that improves the economic, social and environmental conditions of the area. Ultimately it was concluded that there were no amendments to the scheme, or conditions which could reasonably have been imposed, which could have made the development acceptable and it was therefore not possible to approve the application. The Local Planning authority has nonetheless reached this decision in accordance with the requirement in Paragraph 38 of the National Planning Policy Framework.
