Date: 10 May 2021 16:54:32

Mill House, Oak Street, Cheadle

It is important that building maintains its industrial character to maintain the distinctive character of the area.

No objection to the proposal subject to agreeing joinery details (prior to determination) which will be a significant visual element of the scheme. The replacement windows/doors should be a close replacement to the originals (6-pane, side-hung casements), noting also the cill detail and position in the opening.

Condition also any facing materials, pointing, rainwater goods (black with guttering on rise and fall brackets) and ventilation

Gill Bayliss MA (Arch Con), MA (Env Planning) IHBC RTPI
