Reason: To ensure that the development is carried out in accordance with the submitted details and approved plans, in the interests of good planning, for clarity and the avoidance of doubt.

3. The external facing wall materials shall be of concrete panel base walls to 2m on the three elevations as shown in the plans hereby approved with timber 'Yorkshire' boarding above on the long easterly facing elevation and corrugated metal sheet cladding to the northerly and southerly end elevations in colour dark juniper green and the roof shall be finished externally in cement fibre also finished to dark juniper green colour and there shall be no variation without the prior consent in writing of the Local Planning Authority.

Reason: To ensure that the works harmonise with the existing development and rural location.

4. Prior to the development first being brought into use, or its substantial completion whichever is the earlier, details of a landscape planting scheme shall be submitted to and approved in writing by the Local Planning Authority. The landscaping details shall include the layout, species schedules and specifications including plant species, numbers and planting size and including plant protection from grazing livestock and wild mammals. Thereafter the approved landscaping scheme shall be implemented in the next available planning season (November to March) following the written approval of the Local Planning Authority and any plants which die or are lost in the first five years following the completion of the planting shall be replaced with plants of the form and size as originally planted. The planting shall thereafter be allowed to grow and be maintained for the lifetime of the development.

Reason: In the interests of the appearance of the completed development in the landscape.

5. If the use of the building hereby approved for the purposes of agriculture within the unit permanently ceases, unless the local planning authority have otherwise agreed in writing, the building shall be removed from the land and the land shall, so far as practicable, be restored to its former condition before the development took place, or to such condition as may be agreed in writing with the local planning authority.

Reason: In the interests of the visual landscape amenities of the area as the site lies within open countryside within the Green Belt and the building has only been permitted for reasons to serve an agriculture related need in accordance with Policies SS1, SS10, DC1 and the NPPF.

Informative

1. The proposed development is judged to be of suitable design and meets the tests of sustainability in planning. There are not judged to be any adverse implications for neighbours or wider public amenity and street scene or heritage. As the application was considered acceptable there was no need for any negotiation or amendment and the decision has been made in accordance with paragraph 38 of the National Planning Policy Framework (2019).

You should contact the Highway Authority at Staffordshire County Council.
3. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a “condition precedent”. The following should be noted with regards to conditions precedent:
 - a. If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
 - b. Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.
4. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.
5. The permission is granted in strict accordance with the approved plans. It should be noted however that:
 - a. Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
 - b. Variation to the approved plans will require the submission of a new planning application.
6. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
7. If the decision to refuse planning permission is for a householder application, and you want to appeal against your local planning authority’s decision then you must do so within 12 weeks of the date of this notice.

9. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.
10. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://acp.planninginspectorate.gov.uk>
11. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
12. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
