Submission: Objection

Comments: Dear Sir or Madam,

I am writing to express my objection to the installation of an 18m Phase 8 Monopole, wraparound Cabinet and any associated ancillary works in its proposed location and form.

I do not object to the structure's installation within the village, in fact I support the development of any telecommunications infrastructure in rural locations such as Alton, however I do object to its location in the middle of a residential area so close to peoples homes and gardens, especially given that this location is in no way central to the village of Alton.

As an aside, as a local resident I have no difficulties in receiving wireless signals in the village, both in terms of mobile signal and 4G, and would therefore question the justification for such an installation at this time.

Finally, may I suggest that if this work does go ahead the authorities consider the impact of the structure on the view- ensuring the structure is designed in keeping with the village's aesthetic - and that any works be done out of season, given the congestion experienced on Uttoxeter Road during the summer months that this work could only exacerbate.

Regards,

Mr W. Bale
