Submission: Objection

Comments: Dear Sir/Madame

I write to you to strongly object to the erection of this mast as it is directly going to be sited outside the rear of my property, and as one of the main roads into the Alton village will look unsightly. This area is a small area in which all the mechanicals that go with the mast have to fit on which surly will obstruct the view to the corner by the village hall and the oncoming traffic. I do understand that progression has to be made in the communication area but another site maybe more adequate, somewhere like the village hall. There the residents would not be effected and there is more than enough room to site this. The village is a beautiful place and I believe that this would be somewhat ugly to site on the entrance of it and seems this is being squeezed into a space that is not suitable.

Many thanks M Geal
