Subject: Planning Application - SMD/2021/0325
Date: 22 May 2021 15:53:26

Good afternoon

Thank you for your letter dated 13/05/21, in respect of planning application number SMD/2021/0325.

I would like to outline that I do not have any issues with the plans of the proposed two storey/part single storey extension to the rear of the property - to extend the existing kitchen to form a dining room with additional bedroom above.

The plans do not currently show any proposed external lighting. Whilst I understand that there is no requirement to obtain planning permission to install external lights I would simply like to request that any proposed lighting should be installed sympathetically and that the beam is focussed such that no part of it transgresses beyond the occupiers boundaries, the opposite of which can often be the case with some lighting such as wall mounted flood lights.

Many thanks

The Occupier
