Dear Sirs,

> Thank you for your letter dated 13/05/21, in respect of planning application number SMD/2021/0325.

> I do not have any issues with the plans of the proposed two storey/part single storey extension to the rear of the property but would ask that consideration be given to any external lighting and in particular, to security lighting. The reach of the current security light is a little extensive and shines into the main bedroom at the back of my house and I am often woken when it comes on.

It would be much appreciated if some notice could be given as to the likely start date, like many people I am working at home currently and I anticipate that the noise of the work may impact on some of the court commitments I have in my work role, a warning would help me to make alternative working arrangements in advance.
