Submission: Objection

Comments: I object in the strongest terms to the proposed mast. I can think of no other beautiful village locally that has such an intrusive piece of infrastructure at the entrance. It should be sited in a far less prominent part of the village.

An 18m mast will dwarf nearby homes, spoil the views of many others (including my own) and be very close to the large oak tree that should be what people arriving in Alton see.

I believe you wish to use this precise site due to the existing power supply, originally for the 'speed check' sign. This should not be the over riding reason for selecting a location to place something so large and intrusive.
