Submission: Objection

Comments: I do not object, in principle, to the installation of such a mast but I do object to the position chosen. The site is extremely close to a road junction... visibility is limited in one direction & the position of the mast would have a detrimental effect on road safety at this junction, especially when Alton Towers traffic is rushing through the village. The position chosen is on the edge of the village conservation area, I am sure a more discreet position could be chosen, eg about 50metres away there is an area within the village hall car park that once housed recycling bins.
