Dear Sir/Madam

Re Application Number: DET/2021/0021

We wish to object to this proposal in the strongest possible terms. Building an 18metre mast on a roadside verge in the middle of a village seems entirely wrong. There is plenty of open countryside around the village and surely a mast would be better placed there. The village is already blighted by heavy traffic for Alton Towers and they themselves have a lot of unused land. Such an eyesore is not warranted in this village.

Yours faithfully,

Dr SR Jary
Dr M Jary
