Good day,

Having received the consultation for the above planning application, I have the following comments to make.

The submitted drainage plan shows all foul sewage is proposed to discharge to the public combined water sewer, and all surface water is proposed to discharge to on site soakaways. Based upon these proposals I can confirm we have no objections to the discharge of the drainage related condition.

Please note for the use or reuse of sewer connections either direct or indirect to the public sewerage system the applicant will be required to make a formal application to the Company under Section 106 of the Water Industry Act 1991. They may obtain copies of our current guidance notes and application form from either our website (www.stwater.co.uk) or by contact our Development Services Team (Tel: 0800 707 6600).

I trust you find the above in order, however, if you have any further enquiries then please do not hesitate to contact us.

Kindest regards,

Rhiannon
