Submission: Support

Comments: I wish to support this application. The level of investment put into this farm by the Cotton family shows their commitment to the area, and dairy farmers are to be encouraged. There is a clear succession plan for the farm, and, it is essential that the next generation live on site. Calving, harvesting etc all involve working through the night, so having working members of the family available 24 hours a day is a must. There is no alternative accommodation available in the immediate locale, so, in my opinion, there can be no logical reason to not wholeheartedly support this application.
