Submission: Objection

Comments: I object on the grounds of the mast being out of keeping for this area. The site chosen is totally inappropriate from environment, aesthetics and safety perspectives.

It will tower above low bungalows on one side and will create a blind spot for motorists on what is already a very dangerous place for pedestrians and traffic.

More thought needs to go into the siting of such a mast - it should be in a discrete position where it can support the need for better communications without creating an eyesore to the surroundings and danger to road users.
