Submission: Objection

Comments: I would like the Officer to be aware, in case they intend not to visit the site, that the buildings walls have already been completely taken down to what appears floor level with no attempt to make good. Is this still a refurbishment? What is being refurbished?

As it will now be a virtual new build on a green belt site, is this not against Council Policy? and is there again really a need on a four acre site for an additional building alongside the two that already exist for storage.

Please can you also refer to my comments made on the original application as these are all still applicable.
