Submission: Objection

Comments: This proposed extension would encroach and impact upon the open view from my house. Natural light would be lessened, with shadows cast on my property/garden. I would also like it documented that no formal planning notices are displayed near to no 6 Lowther Place and only the immediate neighbours on either side of the property in question have been consulted about the possible development, a development which would impact on more than 2 houses. A larger number of residents should have been made aware of the plans and therefore given the democratic opportunity to make their feelings known. A number of residents have been discussing why the planning department did not carry out a more wider consultation.
