Alton Towers

Historic England need to be consulted on this application

I note that there is temporary provision under the GPDO Coronavirus 2021 to allow temporary, moveable structures within the curtilage of historic visitor attractions (including Listed Buildings) until January 2022.

This application seeks permission to extend this for a total of 5 years with a split location between the front lawn during the summer (6.5 months) and the winter months in Fountain Square. Whilst there will be minor harm to the setting of heritage assets, the locations are well considered and as a temporary measure (and in the light of the temporary change to the GPDO) I have no objections to the proposed 5 year temporary construction of the moveable stage and associated equipment.
