Subject: PLANNING APPLICATION SMD/2021/0089 - Mr & Mrs Moss, Capri, Gallows Green, Alton

Categories:

I refer to a letter from the Planning Dept. dated 20 June 2021 regarding the above application, and wish to state that we object to the outline planning application for the following reasons:

With the proposed new development there will be five roads (1 albeit small} joining Denstone road in an extremely small space of no more than 80 yards, which we consider dangerous, especially when heavy traffic occurs due to daily usage by JCB Factory traffic to and from Rocester. In fact in the last few years the speed limit on this particular stretch of road was reduced to 30mph due to speeding.

On nearby Uttoxeter Road is a new development of 22 properties so does Alton need more houses, especially with no bus service to Cheadle and Uttoxeter.
