Categories:

Dear Sirs

I write in respect of the above planning application as I live on the junction with Bala Grove and Windermere Way.

I object to this application as it will exceed the building line and in my opinion will cause a hazard at this junction as drivers will have their line of vision obstructed to the left. At present traffic exceeds the speed limits when travelling along Windermere Way we do not need to add yet another hazard and probably cause a serious accident.

I will await the outcome of this application.

Yours faithfully
Alan Gough
11 Windermere Way
