Re: Planning Application SMD/2021/0438. 2 Bala Grove Cheadle

Dear Sir/Madam

I am writing re above planning application.

I am concerned because the extension extends beyond the existing build line of all the properties in Windermere Way and also of 1 Bala Grove and 8 Ullswater Drive. Vehicles exiting Bala Grove will have their view even more restricted. I live opposite Bala Grove junction and already witness many near misses. It would certainly pose an even bigger danger if vehicles are parked on roadside as most households own more than one vehicle. Windermere Way is already a very busy through road connecting Oakamoor Road with Froghall Road. The new houses being built off Froghall Road and also in Oakamoor Road are going to add to this problem.

We await the outcome of your decision.

David and Cynthia Walker, 9 Windermere Way.
