Email:

Submission: Objection

Comments: I wish to strongly object to this application again while highways had no objection proves they don't live here or use this road it's the main route to jcb and Alton towers and is a racetrack it's 50mph and dangerous also the schools are full and so are the doctors so they will have to travel to leek as for the proposed houses they are far to big for the site on outside space and they think they can park 12 cars on it the design is not in keeping with the area fridge height will tower over adjacent nproperty as for the public right of way no provision has been made it goes from one corner and cuts across the field but the owner has already felled approx 10 trees the hedgrow is dying due to stationary traffic he also made provision for a road to the rear field which if he gets planning he will be able to build twice as many houses we also note no planning application note has gone up why is this I'm sure local residents should know about this as it's used by local residents
