Submission: Objection

Comments: I object to the planning application submitted for a supermarket, the reasons are

Parking :- no suitable parking at the front of the proposed site, and no availability to turn a vehicle, so would have to reverse onto a very busy main road. The entrance and exit is obstructed by a bus stop and post box.

There are two active bus stops at the front of the proposed site, so when a bus is picking up or dropping off, if cars are parked in the bus pull in, it would create a traffic build up, and cause passengers into the road to board the bus.

Deliveries would also have to park on the main road again obstructing traffic and causing poor visibility pulling out of Johnstone avenue, drawell lane etc.

We as a village have two schools close by, where children regularly use the main road to get to and from school. There has been a lot of problems at night in the past which has required police assistance, caused by groups of young people making a nuisance of themselves, causing criminal damage, littering the area with food, rubbish, excessive noise etc.

Having a shop open until 11pm as requested by the planning submitted would be very unfair on the local area and residents. It would attract more noise from people, vehicle's.

In my opinion it serve better to the community if it was turned into flats proving more living accommodation, affordable flats for people to rent.
