Submission: Objection

Comments: As the property owners of 2 Ashwood Grove, Blythe Bridge, we have the following comments in relation to the planning proposal put forward by the owner of number 4 Ashwood Grove.

Proposed Ground Floor Extension

In principle we do not object to the ground floor extension apart from what appears to be a window to the side wall. However, the proposed elevation of that wall is missing from the planning application so this may not be a window. If this is a window it is wholly unacceptable and directly overlooking our rear garden with a resulting loss of privacy. A window in that position is completely unnecessary because of the rear elevation which is glass.

Proposed First Floor Extension

We strongly object to the first floor extension for the following reasons:

1] The proposed plan would completely overwhelm our rear garden and cause a huge loss of light into the garden and to the rear of our house. This will have a huge impact and loss of privacy.

2] The proposed plan is not consistent with the development. The visual impact of a double height house would look incongruous on the development.

3] The visual impact of the proposed plan would also result in a loss of privacy for several neighbours.

In summary, we ask that you seriously consider our objections to this planning application.

Miss Dawn Mancey & Mr Ian Mancey
