Submission: Objection

Comments: objections to this planning application are as follows;

- 1) This development will increase traffic flow and noise on Clewloes Bank, which is already very busy and noisy and can be difficult to cross at times, drivers are not adhering to the speed limit, currently and additional properties will add to this problem.
- 2) The new access road would cause a major issue given the proximity of it being almost at the top of the hill and on a blind bend.
- 3) there is no requirement in the area for more housing, adding further properties will decrease the charm of the area
