

CDM REGULATIONS

The contractor is responsible for informing the client, and for carrying out all measures necessary to ensure compliance with any relevant health and safety legislation, in particular the construction design and management 'CDM' regulations. Any discrepancies in the drawings should be reported to the architectural designer for decision.

MATERIALS

All materials and components must be suitable for their intended purpose and location and must be manufactured and installed in accordance with all relevant British standards and codes of practice. Any reference to an approved document in this specification relates to the relevant approved document of the building regulations. All work generally to be carried out in accordance with the building regulations and the satisfaction of the approved building control inspectorate.

All Dimensions and Levels to be checked on site

Community Infrastructure Levy
Forms to be
completed and
confirmation
received from
Council prior to
commencement that
all required
information has
been received. If
these forms are not
completed prior to
commencement
then the Levy will
become due and no
relief will be
possible.
