Submission: Objection

Comments: 1. Proposed development is on Greenbelt which includes a rich diversity of wildlife.

2. Drainage of water off the land during and after heavy rain causes a river of water to flow down

by the side of the property "Woodlands" onto Stanley Road which is too much for the road

drainage system to handle.

3. Access to the proposed property is close to a bend with ever increased traffic down Stanley

Road especially during rush hour.

4. Planning application SMD/2017/0631 for 3 properties adjacent to "Stoneville" was refused.

5. In the Greenbelt Review of 2015 two possible areas of land for development in Stockton Brook

are shown, one further down Stanley Road between the canal and railway and the other at Moss

Hill.
