Submission: Objection

Comments: My objection is to the planning consent for the field shelter/stable block and 'change of use' from the current grazing land to equestrian and small holding status.

The current owner has previously offered this land for development, which was strongly rejected by the local residents, one of my concerns is that once this foot hold of structure is granted then this could pave the way for any future development proposals. That said the existing land has in the last year been and still is used as a dumping field for various materials all relating to their proposal for this planning consent application and possibly the business of the existing owners as there is a business advertising board on view, long before the application was submitted. The historic details of this local area have been laid out in recent objections by local residents and I agree and support all this.
