

SMD/2021/0337

Checkley Parish Council

Additional comments 18th August 2021

On the 28th July (details below) Checkley Parish Council submitted comments regarding the above application. We would like to add the following:

In light of further council debate and new information, in particular comments from SMDC's Conservation Area the regarding the above. The Parish Council wish to withdraw the submitted consultation response. The following more accurately now reflects our reviewed position:-

We accept that our Doctor's surgery requires additional space for the reasons detailed in the last page of The Design, Access & Heritage Statement and would fully support the enhanced provision for our community.

With regard to an approved scheme design to achieve the additional space, the proposal is in the Upper Tean Conservation Area, the Parish Council would defer to the expertise of SMDC's Conservation Officer expecting that an approved scheme would fully reflect the opinions of said officer and be congruent with the conservation area.

Siân Morgan-Owen

Checkley Parish Clerk

On behalf of Checkley Parish Council
