Please note from looking on the latest plans submitted that there are only 9 car park spaces shown on the drawing, however the planning application states 10 car park spaces will be provided , i also note that when asked if the proposed development site has any trees or hedges that the no box has been ticked , clearly this is incorrect due to the fact that 70% of the development site is surrounded by mature hedge , with tree and hedges on both opposite side of the road , please would the planning team confirm the above issues are highlighted .

Thank you
