Submission: Objection
Comments: Dear Sir/Madam

We wish to strongly object to the above planning application. Rochford Close is already overrun with cars and parking and adding another property will not only make it worse for us residents but there will be nowhere for the current residents' visitors to park.

When Rochford Close was originally built it was designed with the right number of properties to fit the Close, there isn't room to put in another property, if there was it would have been built in the first place, it will change the whole look of Rochford Close and not for the better.

The plans will completely change our outlook , we bought our house because we liked the small close community it offered and still offers, to squeeze another property in that small space will only ever look like an afterthought and will totally spoil the original design of the close.

The fact that the majority (if not all) of the residents feel very strongly against this shows how close a community we are and how much we care about protecting our environment.
