- > I am writing this with regard to the above reserved layout.
- > We agree with all neighbours against the proposed development it will impair on our views lighting will overlook our homes trees that our being removed in order for the development are large oak trees affecting the nature and animals.
- > The access will cause terrible traffic congestion and eventually accidents as the
- > lane is already too busy and congested with traffic. The danger to children as there is the lake all of the mentioned factors from so many people will surely make the people concerned realise that it is unsafe impractical and very disturbing to think the safety of our families and families that would live there have not been considered.
