Comments: Regarding proposed planning of ménage and stables

Firstly I would like to make clear that I live on the site that this development is purposed to take place, I have 3 horses in stables at the Croft and have to travel 6miles to a ménage to work my horses which is causing me to have to transport them there and back multiple times every week. The main entrance to The Croft is not ideal for entry of horseboxes and trailers. The proposed entrance to be used gives quick access to the fields and is in no vicinity of any property. The entrance is also much safer to pull onto the road as you can clearly see both ways.

The ménage it's self it's only to be used by the horses which are stabled at the Croft which will mean no external use will be permitted. We love the area we live and it would be a shame to not be able to safely care for my horses.

It is to my understanding that the entrance proposed to facilitate the ménage has permission and only has a farm track which was stipulated in the previous planning acceptance.
