Date: 2nd September 2021

Application: SMD/2021/0537
Location: Land at Barnfields Industrial Estate, Sunnyhills Road, Leek
Proposal: Variation of conditions 4 & 13 and removal of conditions 10 & 19 of planning permission SMD/2014/0750

The proposal has been reviewed with particular reference to Police CPI's Secured by Design guidance and in accordance with the recognised principles of Crime Prevention Through Environmental Design.

The following comments should be considered in the light of the following:

- Under the heading Promoting Safe and Healthy Communities, Para 91(b) of the NPPF states "Planning policies and decisions should aim to achieve healthy, inclusive and safe places which are safe and accessible, so that crime and disorder, and the fear of crime, do not undermine the quality of life or community cohesion."
- Under the heading Achieving Well-Designed Places, Para 127(f) of the NPPF states "Planning policies and decisions should ensure that developments create places that are safe ... and where crime and disorder, and the fear of crime, do not undermine the quality of life or community cohesion and resilience."
- Under the heading Planning Should Address Crime Prevention, Design Para 10 of the NPPG states "Designing out crime and designing in community safety should be central to the planning and delivery of new development";
- Staffordshire Moorlands Local Plan - Design Consideration, Spatial Objective SO10 –"To deliver sustainable, inclusive, healthy and safe communities";
- The statutory obligation placed on local authorities to do all they reasonably can to prevent crime and disorder in accordance with Section 17 of the Crime and Disorder Act 1998;
- The 2006 CABI document entitled 'Design and Access Statements: How to Write, Read and Use Them', which states "Statements should demonstrate how development can create accessible and safe environments, including addressing crime and disorder and fear of crime."

Staffordshire Police have no comment to make with regard to the proposed variation and removal of certain conditions intended to make minor amendments to access arrangements and remove the developer obligation on financial viability grounds to construct a marina linked to the Caldon Canal, but retain the land for a pre-determined time pending possible separate delivery of the same or future public open space in its place.

Crime Prevention advice is given freely without the intention of creating a contract, and all comments and recommendations are site specific. Staffordshire Police and the Home Office do not accept any legal responsibility for the advice given.
