planning dept I wish to object to the planning application applicant Mr holt smd/2021/0530 (1) I live at 54 town end st10 1pf I moved to cheadle several years ago after owning a static holiday home at hales hall. Cheadle used to be a very vibrant friendly place with lots of small friendly public houses we don't therefore want to lose yet another place if not a pub could be used by locals as a meeting hall/community hub. (2) We don't need anymore houses built on such a busy main road. We own a car that has lost 5 wing mirrors, 2 front windscreen, 1 rear windscreen. We have to park on the corner of lid lane across from the Swann along with neighbours, but even this isn't safe as many a car speeds of main road to u turn doing so has resulted in our car being badly damaged in a hit and run. (3) If the swann became 4 houses this could mean up to 8 more cars wanting to park in spaces which do not exist. It is so dangerous to cross the road safely as so much speeding traffic so we do not need anymore cars. At present it is so noisy we cannot open front windows and have to clean front door frequently as it gets covered in car fumes I never suffered with asthma until I moved to town end. (4) We all at town end need a car and a space to park as inadequate public transport and no local amenities, therefore, we must travel for theatre cinema etc. I personally need to travel to visit friends and family members who live outside Staffordshire. (5) Finally I object to a listed inn being turned into houses, as I believe Cheadle needs to encourage more tourists to the area to enjoy the surrounding walks, pugon church etc. The pub would make a good tourist info/art gallery/tea room < providing much needed local employment as well as somewhere to meet friends Thankyou Mrs c y keogh
