Submission: Objection

Comments: I am informing the Authority of my objection to this planning application as I 1) believe any publicity of the application was insufficient as per the Authority's requirements for applications for planning permission and listed building consent 2) have concerns over the potential worsening of noise pollution and other public nuisances arising from the premise in question, which have been highlighted to the Authority.

1) the consultations list details 3 Draycott Cross Road. This is the residence of the co-applicant. I am objecting to the validity of this consultation, and requesting that consultation notice is given to the neighbouring residential property - 5 Draycott Cross Road.

2) I am concerned that expansion of the outdoor area is will worsen noise pollution already reported to the Authority. This noise pollution is a constant nuisance to neighbours. Other commercial nuisances reported to the Authority include ongoing building works which have left the premises' beer garden open to the neighbouring residential properties. Nuisance incidents, of safety concern, have been reported to the police. These have included pub guests entering neighbouring residential gardens, guests urinating upon the neighbouring properties as guests well as shouting and arguing in the driveways.
