Submission: Objection

Comments: I agree with all the objections already submitted by the residents of Tenford Lane.

There are brown field sites in and around the Tea n area which should be utilised before developing on open green space. Going ahead with this development would cause yet more loss of open green space for the residents of Tea n as well as having a negative impact to the wildlife within the field, trees and hedgerows.

The extra cars (assume two cars for each new household) would cause yet more pollution, but most importantly Tenford Lane is not wide enough to allow vehicles to pass safely as it is currently without the extra volume.

I am concerned that the development would have an effect on the properties on Tenford lane; being overlooked but also losing a lot of natural light.
