Hello,

I would like to register my objection to this planning application,

Firstly, it was submitted only after enforcement action was taken hence is now retrospective. The fact of the sequence of events suggests a lack of respect for the process and the neighbours who should have been consulted prior to turning this greenfield site into a car park.

The site itself will harm visual amenity for the other residents off Blakely lane, which is already a very small but busy man made road which has severe issues with traffic and speeding due to its situation off the main A52.

My worry is that by adding this car parking space to the existing house, this just encourages more and larger vehicles to be accommodated down this small track and will ultimately have an adverse effect on the other residents, movement in and out of the lane, and ultimately introduces more vehicles onto the a52, a road where only recently someone died at that exact spot

Thank you,

CLLR James Aberley
