

Application number: SMD/2021/0610

Application name: Bloor Homes NW

Location: Land East of Froghall Road Cheadle

To whom it may concern,

I have major concerns regarding the proposal for this development.

Cheadle's roads are currently diabolical, the traffic on them is unbelievable and this is before the other two housing developments are completed and the population has grown again. To even consider another development at this time is ridiculous.

It is near impossible to make an appointment at my doctors surgery and the current schools are at bursting point.

By building more houses it will put more strain on the current community of Cheadle.

Regards

Louisa Lovatt
