Comments: At present there is no toilet facility at Hetty's so it is good to note that proposed developments will include toilet facilities for ladies and gentlemen. However I must raise a question regarding toilet facilities for the disabled. Ideally this should be sited on the ground floor but proposed toilet facilities are on the first floor and access to these is very close to the road. Would wheelchair access to these be completely safe given the proximity to the road.

I would request that plans are scrutinised and the prospects of safe and sound toilet provision for all sectors of the Community thoroughly investigated. This is an ideal opportunity and should not be missed.
