Submission: Neither

Comments: I need to know as the company as started to build the first house why we are not being informed regarding this as it still says the application is still pending and if so when was the drainage and road into the site passed. Also the danger of unloading the lorries on the side of the highway where people and vehicles are still travelling through. We still are getting vehicles down Saltersford Lane which shouldn't be but again no signage. It just seems these people are doing what they want and getting away with it all. I know you have to have beepers on machines but do they have to be so loud. I think someone again should be in touch with the residents over what is happening and the decision on the drainage and if this as been passed why hasn't it been updated on the website.
