Submission: Objection

Comments: This proposed development is not a part of the SMDC plans for housing and a development on this scale is surplus to need.

A development of this scale will adversely effect this locality of Froghall Road.

A development of this scale will bring about an increase in vehicles which will raise the risk of road traffic accidents, road traffic congestion and emissions.

This potential increase in local population will require residents to drive vehicles to their places of employment. With our limited public transport provision this additional use of vehicles is unsustainable.
